Safety Data Sheet

Section 1: Chemical Product and Company Identification	
Product Name: 138 Rosehip and Mangosteen Fragrance	Product Use: Personal Care Formulations
Company Name: RainShadow Labs	Company Address: 300 Port Ave, St. Helens, OR 97051, USA
Non-Emergency Telephone Number: (503) 366-3413	Emergency Telephone Number: Chemtrec - (800) 262-8200
Section 2: Hazards Identification	
<p>Classification OSHA Regulatory Status: This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200) Skin Corrosion/Irritation Category 2 Serious eye damage/eye irritation Category 2A Skin Sensitization Category 1 Specific target organ toxicity (single exposure) Category 3 Respiratory irritation</p> <p>GHS Label elements, including precautionary statements</p> <p>Warning</p> <p>Hazard Statements Causes skin irritation Causes serious eye irritation May cause an allergic skin reaction May cause respiratory irritation</p> <p>Precautionary Statements - Response Specific treatment (see supplemental first aid instructions on this label) IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing If eye irritation persists: Get medical advice/attention IF ON SKIN: Wash with plenty of soap and water Take off contaminated clothing and wash before reuse If skin irritation or rash occurs: Get medical advice/attention IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing Call a POISON CENTER or doctor/physician if you feel unwell</p> <p>Precautionary Statements - Prevention Wash face, hands and any exposed skin thoroughly after handling Wear protective gloves/protective clothing/eye protection/face protection Avoid breathing dust/fume/gas/mist/vapors/spray Contaminated work clothing should not be allowed out of the workplace Use only outdoors or in a well-ventilated area</p> <p>Precautionary Statements - Storage Store in a well-ventilated place. Keep container tightly closed Store locked up</p> <p>Precautionary Statements - Disposal Dispose of contents/container to an approved waste disposal plant</p> <p>Hazards not otherwise classified (HNOC) Not applicable</p> <p>Other information Unknown Acute Toxicity 0 % in Composition</p>	

138 Rosehip and Mangosteen Fragrance - SDS

RainShadow Labs

Section 3: Composition/Ingredient Information

The specific chemical identities of the ingredients in this mixture are considered to be trade secrets and are withheld in accordance with the provisions of 1910.1200 of the Code of Federal Regulations.

Section 4: First Aid Measures

First aid measures for different exposure routes

General advice: If symptoms persist, call a physician.

Eye contact: Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. If symptoms persist, call a physician. Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing.

Skin contact: Wash off immediately with plenty of water for at least 15 minutes. If skin irritation persists, call a physician. Remove and wash contaminated clothing before re-use. Wash off immediately with plenty of water. Wash off immediately with soap and plenty of water. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes.

Inhalation: Move to fresh air. If symptoms persist, call a physician. Artificial respiration and/or oxygen may be necessary. Consult a physician. Move to fresh air in case of accidental inhalation of vapors.

Ingestion: Do NOT induce vomiting. Drink plenty of water. Rinse mouth. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Consult a physician.

Protection of First-aiders Use personal protective equipment.

Most important symptoms/effects, acute and delayed

Long Term Effects None known.

Indication of immediate medical attention and special treatment needed, if necessary

Notes to physician May cause sensitization of susceptible persons. Treat symptomatically

Section 5: Fire and Explosion Data

Suitable Extinguishing Media: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment

Unsuitable Extinguishing Media: Decomposition by contact with water may generate vapors which can be ignited by heat or open flame.

Specific hazards arising from the chemical: No information available.

Protective Equipment and Precautions for Firefighters: As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Section 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Personal precautions: Use personal protective equipment. Avoid contact with the skin and the eyes. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak.

Methods and materials for containment and cleaning up

Methods for Containment: Prevent further leakage or spillage if safe to do so.

Methods for cleaning up: Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. After cleaning, flush away traces with water. Prevent product from entering drains. Dam up.

Section 7: Handling and Storage

Precautions for safe handling

Advice on safe handling: Ensure adequate ventilation. Wear personal protective equipment. Use only in area provided with appropriate exhaust ventilation. Do not breathe vapors or spray mist.

Conditions for safe storage, including any incompatibilities

Technical measures/Storage conditions: Keep out of the reach of children. Keep container tightly closed. Keep containers tightly closed in a cool, well-ventilated place. Keep in properly labeled containers.

Incompatible products None known based on information supplied.

Section 8: Exposure Controls/Personal Protection

Control parameters

Exposure Guidelines: This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

Other Exposure Guidelines: Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992).

Exposure controls

Engineering Measures: Showers; Eyewash stations; Ventilation systems.

Individual protection measures, such as personal protective equipment

Eye/Face Protection Tightly fitting safety goggles Face-shield

Skin and body protection Wear suitable protective clothing.

138 Rosehip and Mangosteen Fragrance - SDS

RainShadow Labs

300 Port Ave, St. Helens, OR 97051 USA

Ph (503) 366-3413 – Fax (503) 366-3400

<p>Respiratory protection If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. A NIOSH-approved air-purifying respirator with an organic vapor cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits.</p> <p>Protection provided by air-purifying respirators is limited. Use a positive pressure, air-supplied respirator if there is any potential for uncontrolled release, exposure levels are not known or any other circumstances where air-purifying respirators may not provide adequate protection.</p> <p>Hygiene measures When using, do not eat, drink or smoke. Remove and wash contaminated clothing before re-use. Provide regular cleaning of equipment, work area and clothing.</p>
Section 9: Physical and Chemical Properties
<p>Physical state Liquid Appearance Liquid Odor Characteristic Odor Threshold No information available Color Characteristic Flash Point > 93.33 °C / > 200 °F Closed cup Specific Gravity @ 22°C 1.092</p>
Section 10: Stability and Reactivity Data
<p>Reactivity No information available Chemical stability Stable under recommended storage conditions. Possibility of hazardous reactions None under normal processing. Conditions to Avoid Extremes of temperature and direct sunlight. Incompatible Materials None known based on information supplied. Hazardous Decomposition Products None known based on information supplied</p>
Section 11: Toxicological Information
<p><u>Information on likely routes of exposure</u> Product Information This mixture has not been subjected to toxicological testing but has been blended from materials with established toxicological bibliographies. In view of the difficulty of using current standard toxicological evaluation techniques to predict potential hazards to susceptible individuals or arising from unforeseeable potentiation, this preparation should be considered and handled as if it displayed health hazards and consequently treated with all possible precaution.</p> <p>Inhalation There is no data available for this product. Eye contact There is no data available for this product. Skin contact There is no data available for this product. Ingestion There is no data available for this product.</p> <p>Information on toxicological effects Symptoms No information available. Delayed and immediate effects as well as chronic effects from short and long-term exposure Sensitization No information available. Mutagenic Effects No information available. Reproductive toxicity No information available. Specific target organ systemic toxicity (single exposure) No information available. Specific target organ systemic toxicity (repeated exposure) No information available. Chronic toxicity No information available. Aspiration hazard No information available. Numerical measures of toxicity - Product Information Unknown Acute Toxicity 0</p>
Section 12: Ecological Information
<p>Persistence and degradability No information available. Bioaccumulation No information available. Mobility No information available. Other adverse effects No information available</p>
Section 13: Disposal Considerations
<p>Waste Disposal: Waste must be disposed of in accordance with federal, state and local environmental control regulations.</p>
Section 14: Transport Information
<p>Dot Not regulated (If shipped in NON BULK packaging by ground transport) TDG Not regulated</p>
Section 15: Other Regulatory Information

Section 16: Other Information

This information is provided for documentation purposes only.
The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof.
Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user.
This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.
